**NOTES:** Buddy may be one of our older school horses, but he doesn't seem to know. He has three beautiful gaits and could definitely go back to lower level dressage. He'd love to find a youth or adult to spoil him as he deserves.

**NOTES:** Rajah is one of our gentle giants, and has a personality to match his size. He is used for all levels of riders, from beginners to upper level jumping classes. With his height and long stride, he may be a fit for an older youth or adult looking for a sweet trail partner or local show horse.
